ROUND OF APPLAUSE

Looking back at recent events

The Orchestra and Choir Camps held in September were huge successes. They were about so much more than rehearsal time. Students bonded with section-mates, built friendships that carry through the school year, and collaborated across ensembles to make music with new musicians. It was organized chaos in the best way: instruments everywhere, dance breaks that turned into impromptu singing sessions, battles for the superior rhythm. But the chaos was underpinned by the notes of musicianship, the kind that turns a group of students into an ensemble that truly plays as one.

Everything ran smoothly thanks to our many parent volunteers and our dedicated, professional teaching staff. Thank you for making this year's Music Camps such a success!

Shout-out to the Pep Band for their moving performance during the 9/11 Memorial Game. And the Jazz Band earned an encore after their rousing performance at the September 24th concert. What a great start to the year. We are excited to hear the beautiful music we know you will create in the months ahead.
